Report
Add-On Course on R

To enhance IT skills of the students and to make them more employable, the E-learning Cell collaborated with **Spoken Tutorial Project, an initiative by IIT Bombay**. Spoken Tutorial project is the initiative of the "Talk to a Teacher" project of the **National Mission on Education through Information and Communication Technology**, launched by the Ministry of Education, Govt of India. Under this project the Cell successfully conducted an addon courses in **R,** in February 2021. With the advent of Data Science these courses have become relevant and are very much in demand. Course completion exam for the same was held online in April 2021.

We are not able to connect to anyone from the course, we are not able to reply on telegram group either. It would've really helped if we knew people from our course so that just in case we have some problem we could discuss with them,.

A course with regular classes where teachers teach students live is highly appreciated than a course where students are provided with just recorded video lectures. Many websites provide video lectures for free but enrolling such a course through college is when we expect live classes to take place. Thank you

Report
Add-On Course on Python

To enhance IT skills of the students and to make them more employable, the E-learning Cell collaborated with **Spoken Tutorial Project, an initiative by IIT Bombay**. Spoken Tutorial project is the initiative of the "Talk to a Teacher" project of the **National Mission on Education through Information and Communication Technology**, launched by the Ministry of Education, Govt of India. Under this project the Cell successfully conducted an addon courses in **Python,** in February 2021. With the advent of Data Science these courses have become relevant and are very much in demand. Course completion exam for the same was held online in March 2021.

Videos content is too old. it is very difficult to learn that 2017 python. I request you to provide latest content of latest terminal or code editor like pycharm or VScode. As a new learner of 2021 we need content that updated time to time.

Thank-you

Your teaching methods are the worst...teacher is not only to share the notes but to explain them as well....you think that your role and duty is over after just sharing the worst notes...sorry I am not convinced by your method and very much disappointed in you...

As I am facing problems in this .
I thought earlier that I' ll be able to do this but now as belonging to medical background I won't be able to get it. Nd if there is an option that I can quit this problem without any negative effects on my courier then I would like to quit this. Nd if there is no such option then plzz suggest mee sir / mam how I can proceed in the course. But my first priority is that it is better to quit .

Actually I couldn't able to access to your material I didn't find any channel link in my spam mail folder . I have only this group on my telegram. And due to the non-technical background I don't able to understand this course much and also I don't find any links and videos and classes. And due to this reason I haven't completed my assisngmnet yet. If you will read this then please help me.
