Sub : **Manohar Merit cum Means Scholarships**

This has reference to our previous correspondence regarding offering a few of your students with a scholarship from our charitable trust. We are pleased to share that we have shortlisted 13 students from the list of recommendations sent by your college.

Our general observations in the present application forms are as under –

1. Specific recommendation regarding quantum of assistance is not mentioned by the college.
2. In certain cases, the students are already getting lower marks or are from a relatively well to do family or are getting assistance from other sources. We feel that other deserving students should be given preference by the college.
 - a. Students securing less than 6.5 in either SGPA or CGPA should not be considered at all. If the SGPA of one semester is low, then the CGPA should be adequately high to compensate for that.
 - b. The family income from all sources of the recommended students should not exceed Rs. 3.0 Lakhs.
3. In certain cases, the fee receipts, current income certificates and grade sheets are not enclosed and wherever enclosed, they are not duly authenticated by the college authorities.

We request you to instruct your scholarship or financial assistance committee to ensure the duly completed forms, supported by the documents which duly authenticated by college authorities in future.

Since it was our first introduction, we have ignored certain deficiencies in the application forms. we have sanctioned equal amount of Rs. 10,000 to all the recommended cases, except a few students. Please find enclosed 13 cheques of Rs. 10,000 each in the name of the students considered by our trust as eligible for scholarships for the year 2022-23, as follows –
