**5. IZHAAR - THE TALES OF EMPOWERMENT
IN COLLABORATION WITH LOVE VASTRA**

Enactus Shivaji hosted the event “IZHAAR- The Tales of Empowerment”, in collaboration with Love Vastra, on **30th September 2022**. The aim of the event was to showcase the talent of the women artisans of the organisation - Love Vastra, who are also the brave survivors of domestic violence. It was followed by a seminar on social entrepreneurship presented by Muskan Kaninwal, the Founder of Love Vastra. The participants learned about the various dynamics of social entrepreneurs through an impactful session by Muskan Kaninwal. We were able to provide an audience to the products of Love Vastra, along with providing an insight to the audience regarding a major issue of Domestic Violence and its impact on not just the abused but also the community. She talked about her beautiful journey in making the brand and the struggles that women entrepreneurs face and her arduous efforts to overcome these obstacles. She also talked about the importance of supporting local and small businesses. Ms. Kaninwal’s speech was followed by, much to the delight of the audience, a melodious performance by singer Amit Kumar Singh, which brought the crowd to an ecstatic frenzy. To say that everyone enjoyed the performance, would be an understatement. To ensure that there was no lack of fun activities, various stalls were also set up, selling items such as oxidised jewellery, and services like hair braiding. All the participants received gifts from Love Vastra including scrunchies, bookmarks, and brooches.

Project SaNa, too, set up its own stall, in its endeavour to sell the recently launched comics that spread awareness about menstrual health, which received a positive response from the masses.

9. WORKSHOP ON 'RESEARCH IN ECONOMICS' 2022

The society's vision was to enrich the audience of the event with information on the process of carrying out a research project, right from beginning with an idea up to eventually publishing it. Together with the department teachers, the society successfully organized the research workshop bifurcated into two sessions-" GETTING STARTED WITH RESEARCH" and "ACADEMIC WRITING".

The event was held on 26 September, 2022 at 10:00 a.m. IST in the college auditorium. Almost 80 students and teachers actively participated in the Workshop. The Workshop was led by Dr. Priyanka Arora, a visiting faculty at Ashoka University, outstanding in economic research. She has worked on the role of culture in the economy, its interactions with the economic sphere and the implications of these on economic development with a Machiavellian touch of genius.

She reminded the audience to ensure if their research adds to the knowledge stock in the sphere. Thereby, she stressed the necessity of a literary review to avoid plagiarism. In addition, she demonstrated live, how to search for already published papers and articles in Google Scholar. She advised that since a brilliant title, abstract, introduction and conclusion adds extra flair to the paper, much attention be given to it. She listed a number of methodologies that could be adopted for writing a research paper. In addition, she demonstrated live the usage of the typesetting software, LaTeX, beginning from opening an account to coding in it.

About the book

The book 'Purak' has been visualized around the theme "Role of woman and man in society: Similar or Different." An anthology of articles from students and some faculty members of the Women Development Cell, as well as containing inspiring stories from our Jijabai awardees of the session 2022-23, the book promises to be an eye-opener as far as pondering over the category of the woman, in sociological terms. The relevance of the book emanates from the fact that an educational institution of higher education is an apt forum for engaging with such contentious issues, so that the young minds can reflect upon issues, read around them, gather information and atleast start the process of questioning. It is only by walking this tough path that we, as citizens, can reach our own conclusions. When we talk about gender issues, we talk about nuanced subjects and realizing this simple reality is the start of a process of social change. What better way to achieve this, than to read and write around it.

13. ENACTUS WORLD CUP 2022 (EWC)

The Enactus Shivaji studied about the menstruators in the slum area that were not completely aware about the medication available for when they face any irregularity during periods. Although they were aware about pads, they didn't know how to maintain hygiene which is one of the most important aspects during periods. This led to the inspiration the Project Sana where the students created awareness among the girls and women on menstrual hygiene. We came across the fact that many girls do not know about periods so they would be interested in reading sana comics.

Enactus Shivaji participated in the highly acclaimed Enactus Global Race, held in San Juan, Puerto Rico, from 30th October to 3rd November. Competing amongst a diverse pool of 55 teams from over 32 countries, the team presented their final presentation live from Gurgaon, India, due to delayed visa for the USA, showcasing their innovative project entitled Sana, aimed at tackling the critical issue of menstrual hygiene in underprivileged communities.

The Enactus World Cup, a pinnacle event for the global social entrepreneurship community, commenced with an awe-inspiring opening ceremony held on 31st October at the Golden Tulip Suites in Gurgaon, India. The ceremony, known as Fiestas De Las Calles, was a vibrant celebration of cultures and provided a platform for teams to mingle and network. The event created an exhilarating and warm atmosphere, fostering a sense of camaraderie and friendship amongst all participants. Enactus Shivaji was humbled to have been part of this prestigious event and acknowledged the passion, creativity, and dedication of all teams in advancing sustainable development and social change. Participating in the Enactus World Cup 2022 was an indelible and transformative experience for Enactus Shivaji. The event provided an unparalleled opportunity to network with students from around the world, learn about their projects and social initiatives, and forge meaningful relationships with like-minded individuals.
