About the book

The book 'Purak' has been visualized around the theme "Role of woman and man in society: Similar or Different." An anthology of articles from students and some faculty members of the Women Development Cell, as well as containing inspiring stories from our Jijabai awardees of the session 2022-23, the book promises to be an eye-opener as far as pondering over the category of the woman, in sociological terms. The relevance of the book emanates from the fact that an educational institution of higher education is an apt forum for engaging with such contentious issues, so that the young minds can reflect upon issues, read around them, gather information and atleast start the process of questioning. It is only by walking this tough path that we, as citizens, can reach our own conclusions. When we talk about gender issues, we talk about nuanced subjects and realizing this simple reality is the start of a process of social change. What better way to achieve this, than to read and write around it.
