10. "Contribution of Differently-abled in the Progress of India", EOC

The EOC organised a special lecture on 27 April 2023 on the "Contribution of Differently-abled in the Progress of India". The address was delivered by Dr. Harendranath Tiwari who was the keynote speaker for the event. He sensitised the students by mentioning that any disability is psychological and not necessarily physical and the strength of a human being resides in the soul. On this basis, he informed students about the various welfare schemes being run by the government so that the differently-abled can contribute in all the sectors and register their presence in mainstream. The outlook of the modern society has also changed and Dr. Tiwari cited examples of Maharaja Ranjit Singh, musician Ravindra Jain, and classical dancer Smt. Sudha Chandran to encourage and motivate the students.
