**Resolution:**

**Hygiene Issues in the Canteen:** Several students reported concerns about the hygiene standards in the college canteen, expressing discomfort with the cleanliness and the need for better food handling practices. **Resolution:** I assured students that the issue has been forwarded to the canteen committee. An inspection will be conducted, and measures will be implemented to ensure the maintenance of hygiene standards. **The library in-charge** has been notified to address this issue urgently. Non-functioning computers will be replaced or repaired, and IT support will be regularly assigned to ensure smooth operation during peak exam times. **Library Hours and Flexibility** as Students expressed the need for extended library hours, especially leading up to exams, to allow them more time for focused study sessions. They also requested that the library be available post-class hours for continued exam preparation. Assured the students that library hours would be extended two weeks before and during the exam period. An additional study area will be arranged for students who wish to stay beyond regular hours, with teachers available for consultation and the Request for Study Spaces Outside the Library: Some students noted that they would like a designated space where they can study their own books, as the library has restrictions on carrying personal books. **Resolution:** Proposed the creation of a self-study area in the college premises where students can bring their own materials without restriction. This space will be accessible during and after class hours, offering students a quiet, dedicated environment for independent study. **Whereas about student Associations:** Although students expressed an interest in having their own associations, it was acknowledged that existing student associations are already serving this purpose. I appreciated active participation of students in associations and encouraged them to continue engaging in these groups. She also mentioned that if students feel the need for new associations, they should submit formal proposals for consideration.
