

QUANTA'24

PHYSICS SOCIETY ANNUAL FEST

Date :- March 19,2024

The College Annual Physics Fest QUANTA'24 , held on 19 March,2024marked a celebration of scientific inquiry, innovation, and collaboration within the realm of physics. Organized by the Physics Society INVENIO . The event aimed to foster a deeper appreciation for physics among students while providing a platform for showcasing their talents.

Event Highlights:

1. Guest Lecture:

On this occasion the Physics Department had the esteemed privilege of hosting Prof.

Devki Nandan Gupta to deliver a speaker session on PLASMA : Decoding the Hidden Reality. This lecture sparked intellectual curiosity and encouraged students to delve deeper into the subject. The lecture was Meticulously curated to showcase his thoughts on the topic of Plasma. During the lecture, he discussed various aspects of Plasma, providing insightful perspectives and real-world examples. At the end of the lecture audience got allowance for asking questions . They actively participated in the session,posing thought provoking questions and engaging in discussions with the speaker. This interaction enriched the learning experience, allowing attendees to gain further insights and clarify any doubts they had regarding the topic.

2. Play:

Student of Physics Department presented a captivating theatrical drama titled "Homi J. Bhabha". This play paid homage to the life and achievements of one of India's most eminent scientists, Homi Jehangir Bhabha. The cast skillfully portrayed the characters central to Dr. Bhabha's life, including his colleagues and mentors. The lead actor's portrayal of Dr. Bhabha captured his intellect, passion for science, and unwavering commitment to India's scientific development, drawing the audience into his world and struggles. Through its compelling narrative and stellar performances, the play celebrated Dr. Bhabha's legacy while inspiring future generations to pursue scientific inquiry and innovation.

A handwritten signature in blue ink, which appears to be 'Bhabha', written on a light-colored background.

3. Competitions:

Kalakriti: The Poster Making Competition - Many students joined us for the competition to unleash their potential and creativity. Everyone there was filled with enthusiasm and once the theme got released they painted their canvas with the same enthusiasm and creativity. Theme for this year's poster was Sustainable Development: Digital India and participants amazingly showcased the theme through their posters.

Quizenia : The Quiz - For this event as well many Physics enthusiasts joined us for the competitions. The event aimed to foster intellectual engagement, teamwork, and friendly competition among participants while testing their knowledge across the subject of Physics. The quiz competition followed a structured format, with rounds consisting of a mix of multiple-choice questions and rapid-fire rounds. Each round tested participants' knowledge across a wide range of topics related to Physics. During the competition four teams were made with two members each and every team handled the question meticulously.

Fig3. Rangoli Drawn by Students

At the conclusion of the event the winners of both Kalakriti and Quizenia were announced and rewarded. The certificates were also awarded to the students of physics department who participated and volunteered for the annual physics fest.
