

ENACTUS NATIONAL EXPOSITION 8-9 JULY 2023

Enactus Shivaji College team presented its 3 projects- Project SaNa, Project Dritih, and Project Tahaarat at the National Exposition held at IIT Delhi on 8-9 July 2023. These projects focus on promoting sustainable development, empowering marginalized communities, and creating positive social change. Project Sana is a transformative initiative reshaping the menstruation narrative, focusing on spreading awareness about menstruation. Project Dritih, meaning 'leather' in Sanskrit, pioneers eco-friendly bio-leather using biodegradable waste like orange peels to tackle the problem of animal cruelty. And, Project Tahaarat, a zero-waste project, focuses on producing an effective, eco-friendly detergent using bromelain enzymes from pineapple peels.

In the National Exposition, Enactus Shivaji was the only college that qualified for both the early stage competition (among the Top 5, for Project Tahaarat) and Mature Stage competition (among the Top 19, for Project SaNa and Project Dritih). The team competed against a diverse pool of Enactus Teams from different colleges all over India, and won the "Team Defining Innovation" Award for Project Dritih, which revolves around curbing animal cruelty by substituting animal-based leather with bio-leather.
