**Subject: Concept Test in Chemistry (CONTECH-16)**

Association of Chemistry Teachers (ACT), c/o Homi Bhabha Centre for Science Education, Mumbai has been conducting a Concept Test in Chemistry (CONTECH) for undergraduate students throughout the nation to assess the conceptual understanding in chemistry since 2010. This year Concept Test is going to be held on 31<sup>st</sup> August 2015. CONTECH is a competitive test at national level for UG students in chemistry (based on syllabus of 3 Year integrated B.Sc. programme of an Indian University) for the following purposes;

1. To help the students to test themselves at the national level.
2. To provide encouragement to the students who perform well.
3. To help a college to get an independent assessment of the learning of the students.
4. To provide the ACT important input with respect to the lacuna in our chemistry curricula.
5. To help identify promising human power.

Such a test is not only useful in testing conceptual understanding of students in chemistry but also will be helpful in generating students' interest in chemistry. Hence it is a need of hour to promote the test and encourage the chemistry students to take part in such a test.

You are therefore, requested to appoint a faculty as a College Coordinator from the Dept. of Chemistry of the college to look after the entire activity concerning to Concept Test (CONTECH) in the college. His / her name, e mail ID and mobile no. may please be conveyed to the undersigned at [singhsp12@gmail.com](mailto:singhsp12@gmail.com) soon. It will help us to pass on necessary information to the college coordinator for smooth conduction of the Test.
