# *Reflections from the Principal's Desk*

"Success is not reached at a single level, but we build the ladder by which we rise"

It is with great pleasure and pride that we present before you Shivaji Exclusive, the Bi-Annual E-Newsletter of the college, January-July 2020 Edition. This newsletter will guide you on the college's path to excellence, where we are scaling newer heights and breaking records. These achievements are a reflection of the institution's philosophy of holistic development of the students who are well equipped to adapt to the changing global scenario and take on its challenges. Covering the spectrum of academics, co curricular activities and sports, our students have made a mark at the national as well as international levels. Accredited with Grade "A" by NAAC, our college was ranked 11th in Delhi in Commerce and Humanities, and ranked the

12th in Sciences by India Today in 2018. The college has been ranked 51 by NIRF 2020. It is also a matter of great pride that we receive grants and support from the Department of Biotechnology under the Star College Scheme.

Shivaji College has made its mark in not only academia, but also in cultural arenas, sports and community outreach. The college has a dynamic Women Development Cell (WDC) that aims at creating awareness about gender equality and women empowerment. Every year Shivaji College presents the Jijabai Achiever's Award (instituted in 2009) to felicitate the individuals who have worked at grass-root level in changing the lives of women. The National Service Scheme (NSS); National Cadet Corps (NCC) wings for

boys and girls; the Equal Opportunity Cell (EOC) for the students with disabilities, and the Entrepreneurship Development Cell (EDC) all contribute to holistic development of the student. In addition, the vibrant Cultural Committee facilitates an environment of dance, theatre, fashion, music and art in the college.

As the baton of Principalship was passed on to me during the COVID 19 pandemic, we had to adapt new strategies to help our students combat this daunting challenge in their lives. I am proud to say that we as an institution stepped forward in unity and determination to ensure that our strong foundations of education as crossing all barriers prevailed and we have emerged stronger than ever from the world crisis.

Finally, we believe that every student is special in his or her own way and each must be nurtured with great love and care. Regardless of difficult times, we believe in the purity of education through our motto Amritam Tu Vidya and through the immortal lines embodying what a scholar must strive for in the Shlok:

**काक चेष्टा, वको ध्यानं, स्वान निद्रा तथैव चः।**

**अल्पहारी, गृहत्यागी, विद्यार्थी पंच लक्षण॥**

Shivaji Exclusive encapsulates all this and much more. I am confident that our journey of excellence will be an enriching experience for all. I invite you to experience this journey with me through the following pages, a reflection of the accolades and achievements of the college over the January-July 2020 Academic Semester.

## BOTANY

Department of Botany, Shivaji College, University of Delhi, under the aegis of DBT Star College Scheme has successfully organized an International Webinar on “Environment, Gender and Climate Change” on July 28, 2020 at 6PM IST. On the occasion of the Webinar, the Convener, Dr. Pratima Rani Sardar and the Organizing Secretaries Dr. Anuradha Mal and Dr. Chirashree Ghosh of the International Webinar came up with a Handbook on Environment and Gender which has been highly appreciated and liked by all for its academic focus as well as environmental concerns.

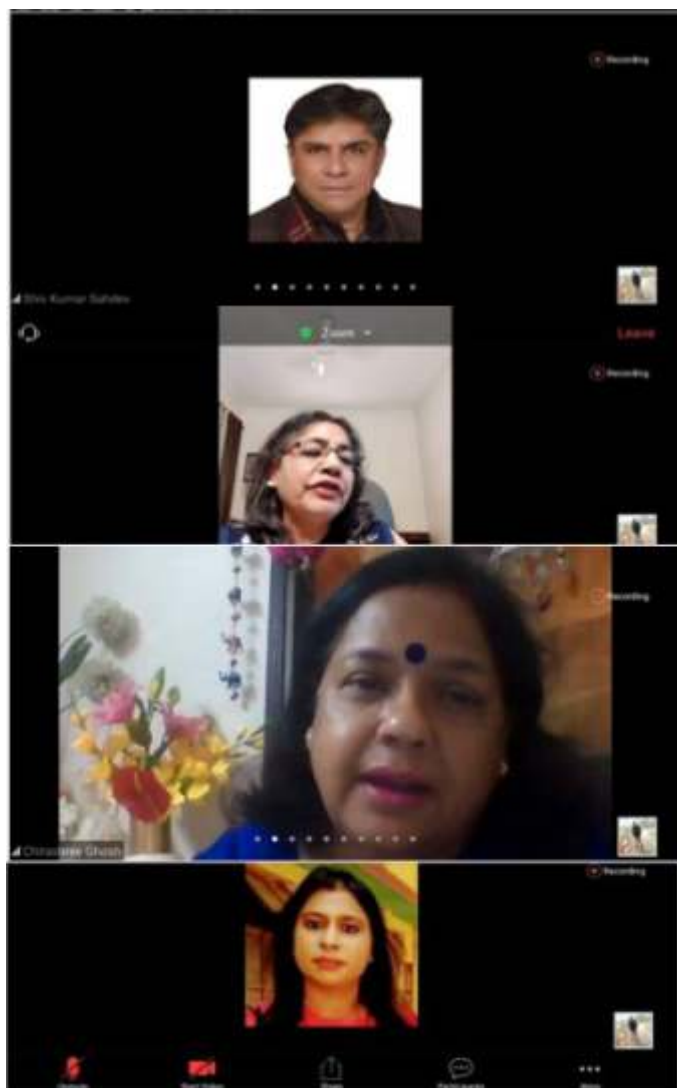

Release of the Book

The Principal, Shivaji College, Dr. Shiv Kumar Sahdev, welcomed all dignitaries, speakers, faculties, students and participants of the Webinar and released the handbook on Environment Gender and Climate Change. He reiterated on this occasion that “Environmental and gender issues are very significant aspect of today's cultural and socio-political set up of the world as sustainability of the humankind is only possible if we take these concerns into consideration in all our policy making and their implementations as well as in every smaller facet of our daily lives. So it is pertinent that these issues find manifestation not only in the academic arena of our existence but in the social and emotional consciousness of the humankind.” This Webinar has been academically very stimulating to the participants and not only has been a great help in furthering their research, but also is a significant step towards environmental sustainability and gender equity.

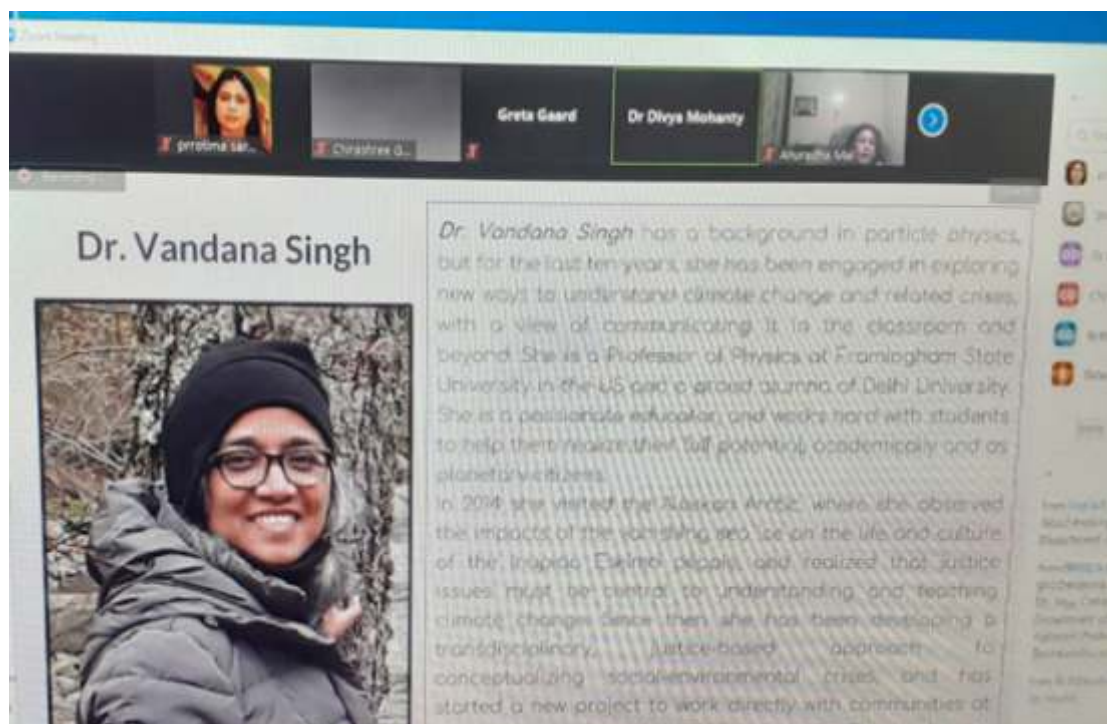

Dr. Darshan Malik, the Coordinator of the DBT Star College Scheme, Shivaji College also highlighted in the book how the “issues of climate and gender have been dealt with in the Handbook from a fresher perspective to deal with the environmental crisis before it reaches an irreversible state”.

The Speakers were respected dignitaries from across the world – Professor Greta Gaard is from the Department of English at University of Wisconsin-River Falls, US, and her brilliant rendition of the talk “Climate Science, Narratives and Affects” thrilled the participants during the webinar and enlightened them on various perspectives of climate issues along with environment. Professor Vandana Singh is from the Department of Physics, Framingham State University, USA. She talked on “The End of the Future: The Climate Crisis and Justice for All”. Professor Vandana Singh in the year 2014 visited the Alaskan Arctic; and there she observed “the impacts of the vanishing sea ice on the life and culture of the Inupiaq Eskimo people, and realized that justice issues must be central to understanding and teaching climate change”. Our third speaker, Dr. Vijaya Laxmi Singh from the Department of History, University of Delhi, narrated on “Gender Environment and Sustainable Development: A Historical Perspective”. She talked about Chipko Movement in detail during the webinar.
