

PLACEMENT CELL REPORT 2017-18

Placement Cell of Shivaji College successfully organised various placement drives, internship drives, and workshops during the session 2017-18. High profile companies like Genpact and Royal Bank of Scotland visited the campus for recruitments in the month of January 2018, while Global Arcus and Concentrix visited the campus in the month of February 2018. Altogether, these companies provided more than 100 placement offers to final year students.

Besides lucrative placement opportunities, the Cell ensured that all the students of College get numerous internship opportunities as well. IDBI Federal visited the college in November 2017 and offered winter internships to 21 students during its campus drive. The Cell also organised its first edition of Internship Fair "The Internship Express" on February 13, 2018, and witnessed maximum participation from students across all disciplines. The companies that visited the campus were Prime Time Media, Outlook, Edumentor, Ozock, The Rising Bharat, Yourshell, Med Tour Easy, Career Marshal, Rupee Maker, Upay, Womenite, Glocar, Eat My News, Inkpot, DCOP, and Ewards. More than 200 students were selected for internships during this one-day event and were offered a variety of work profiles. About 400 sessions of interviews took place in which approximately 200 interviews were successful.

Apart from placement and internship drives, the Placement Cell conducted two workshops in the month of August and September 2017. Vision IAS and IMS conducted the workshops on civil services and skill enhancement respectively. A seminar regarding Teach for India Fellowship Programme was also conducted in February 2018. A new software - Calyxpod was introduced this to help students to register for drives and receive information on various activities conducted by the Placement Cell. The software helped students in drafting standard resumes as well. Many good companies like Naukri.com, Edumentor, IBM etc. are scheduled to visit campus for placements/ internships in March and April 2018.
