## Notice

IIT BOMBAY, is organizing a workshop on 2nd October, wherein the participants will be taught how to make solar lamps.

The solar lamp kit is of RS. 510, and each participant will also get a certificate.

Total fees for each participant- RS. 520.

It's an excellent opportunity to learn making of solar lamps, as well as contribute to the environment by shifting to solar energy, with the added benefit of saving your electricity bill.

A team is coming in college on 1st August, 2019. They will address our students and tell in detail about the workshop and the lamp.

You are requested to be present in auditorium along with your students, on 1st August, at 12o'clock, for this program.
