

## BIOCHEM ACTIVITIES 2019-20

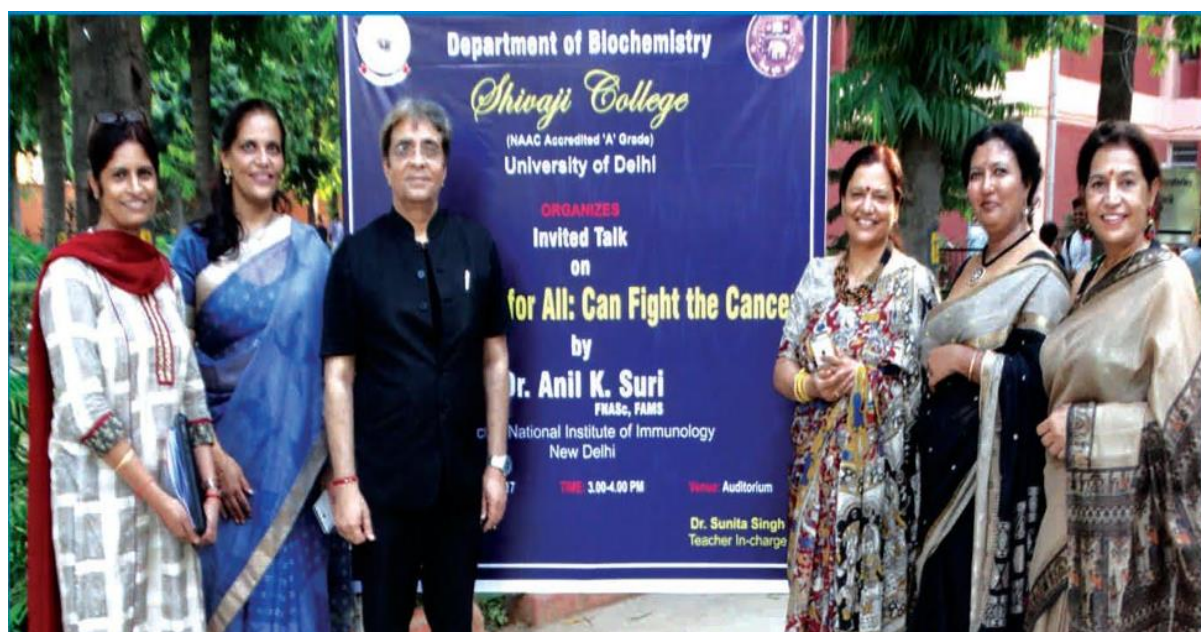

- An Intra-college Laboratory Skill Training Programme for Assistants/Attendants in the Chemical and Life Science laboratories under the DBT Sponsored Star College Scheme from May 20-24, 2019, along with the Department of Botany, Chemistry, and Zoology, Shivaji College.
- Summer Training on Maintenance and culturing of *Drosophila melanogaster* to carry out experimentation based on food preferences and its effect on their life cycle from June 7- July 19, 2019.
- Summer Training on Basic Microbiological techniques with special reference to bacteria from June 20-July 17, 2019.
- Talk and workshop on Foldscope Microscopy: Basics & Applications on Sept 20, 2019.
- Inter-college Laboratory Skill Training Programme for Assistants/Attendants in the Chemical and Life Science laboratories under the DBT Sponsored Star College Scheme from November 27 to December 3, 2019, along with the Department of Botany, Chemistry, and Zoology, Shivaji College.
- An International Conference on “Frontiers in Biochemistry and Biotechnology: Strategies to Combat Human Diseases” in collaboration with the Department of Biochemistry, South Campus, University of Delhi, on February 12-13, 2020.

### Educational Visits:

- Visit to CSIR- Institute of Genomics and Integrative Biology on Sept 29, 2019.
- Industrial Training at DPCC (Delhi Pollution Control Committee) on October 3, 2019
- To IISER, Mohali and ICAR-Directorate of Mushroom Research, Chambaghat, Solan on Oct 3, 2019.

## BIOCHEM ACTIVITIES 2017-18

Department of Biochemistry organised a lecture by Dr. Anil K Suri (National Institute of Immunology) on “Better health for All: Can Fight the Cancer” on September 15, 2017.

Department of Biochemistry organised a lecture by **Dr. Anil K Suri** (National Institute of Immunology) on “Better health for All: Can Fight the Cancer” on September 15, 2017.

The students of **Biochemistry Department** were taken for an educational visit to **National Brain Research Centre (NBRC)** Manesar, Haryana, on September 28, 2017

Department of Biochemistry organised their annual departmental festival ‘**Biochaperones 2K18**’ on February 28, 2018. **Dr. Manu Anantapadma** (Texas Biomedical Research Institute) gave a lecture on “Developing drugs to combat highly pathogenic viruses: lesson from anti Ebola virus drug development”.
