

Placement and Internship Cell Shivaji College, University of Delhi Events Report 2025-26

The Placement and Internship Cell of Shivaji College, University of Delhi, is committed to enhancing students’ employability by fostering industry-relevant skills, practical exposure, and career readiness. In alignment with this vision, during the academic year 2025–2026, the Cell has organized several workshops and events in collaboration with various committees and the Skill Development Centre, as listed below:

1. **A two-day workshop on Research Methodology:** The Skill Development Centre (SDC), in collaboration with the Placement & Internship Cell (PIC) of Shivaji College, University of Delhi, successfully conducted a two-day workshop titled “*Research Methodology – Analyzing Data with SPSS*” on 2nd and 3rd February 2026 at the Chhatrapati Sambhaji Maharaj Auditorium, with Day 1 held on 2nd February 2026. The workshop aimed to equip students with a strong foundation in research methodology and quantitative data analysis using SPSS, and witnessed enthusiastic participation from students across various courses. The sessions offered valuable insights into the research process, statistical tools, and practical applications of data analysis, thereby enhancing students’ analytical and decision-making skills. The event was graced by the esteemed resource person, Dr. Arnav Kumar, Assistant Professor (Finance), Faculty of Management Studies, whose engaging and interactive sessions focused on research design, hypothesis formulation, data collection methods, and statistical analysis using SPSS through hands-on demonstrations.

2. **A Two-day Tableau workshop:** The Placement and Internship Cell, in collaboration with Websters, the Computer Science Society, and the Skill Development Centre of Shivaji College, University of Delhi, successfully organized a two-day Tableau workshop titled “Unlock the Power of Data Visualization.” from 13-14 November, 2025 in Chhatrapati Sambhaji Sabhagar. The workshop aimed to provide students with hands-on exposure to Tableau, a vital tool in modern data analytics, enabling them to transform raw data into meaningful visual insights. The sessions were conducted by the esteemed guest speaker, Ms. Poonam Jaswani, Founder and Lead Consultant at D-KAP Solutions, whose industry-oriented approach effectively bridged theoretical concepts with real-world applications. This initiative reflects the Skill Development Centre’s commitment to implementing the objectives of the National Education Policy by enhancing practical and employability-focused skills among students.
